Work Experience

WEB DEVELOPER – Hale Council, The Ohio State University – Columbus, OH – October 2015 - Present

- Responsible for maintaining, expanding, and scaling the official website (HaleCouncil.org) that unites student groups concerned with ethnicity, religion, gender, and sexuality.
- Coordinate between affiliated organizations to ensure accurate digital representation.
- Strive to create a visually appealing site that feature user-friendly design and clear navigation.
- Train and educate current/future Hale Council members on web developing and associated duties.

PROGRAMMER – Massachusetts Institute of Technology – Remote – June 2015 - Present

- Write programs in a variety of libraries and computer languages.
- Update and expand existing programs.
- Debug programs by testing for and fixing errors.
- Cooperate with web designers to match visual design intent.

MUSIC TEACHER / BAND DIRECTOR – St. Theresa Catholic School – Houston, TX – January 2013 - August 2015

- Plan a balanced music program, and organize daily class time so that preparation, rehearsal, and instruction can be accomplished within the allotted time.
- Provide students with an opportunity to participate in extracurricular band activities and ensure compliance with all state, University Interscholastic League (UIL), and district requirements.
- Instill knowledge of materials and repertoire for students at different stages of their musical development.
- Establish and maintain standards of pupil behavior to provide an orderly, productive environment during practice, group rehearsals, and music performances.
